Jonesboro, IL 62952

Phone: (618) 833-5711
Fax: (618) 833-8712

October 21st, 2019

As your Union County Clerk, I am pleased to announce that over the next few weeks we will be updating our office with new recording software that will better serve our users in both the public and private sectors. **Due to making new software updates, please note that our office will not be able to accept or process any recordings on Monday, November 4, 2019 as we update our programs.**

Beginning Tuesday, November 5, 2019, our office will be utilizing our new AVID recording system from Fidlar Technologies, which will allow us to accept eRecordings, and also allow title searches for land records to be accessed from our website. This along with many other facets of our new software will streamline everyone's process and increase overall productivity.

On Monday, November 4, 2019, Fidlar will be hosting a user training session for anyone interested in familiarizing themselves with our new software. Training will take place at the Union County Courthouse from 2 pm to 4 pm in the community room. The new programs that will be introduced include Laredo, Tapestry and IRIS. Additionally, we are also working on providing a training presentation for MyDec, and I will keep you updated on that as we move forward.

As always, my office is available for any questions or concerns. Thank you for your understanding as we make this beneficial transition.
